

# Spiritual Strategic Life Plan

Vision	
What will your bloodline look like two generations from now?	
Mission	
What seeds has God called you to plant that will extend beyond your lifetime?	
God's Promise/Standard	
What Scripture(s) can you stand upon to affirm God's promise to you? What does God require of you?	
Strategy	
How will you leverage resources within your hand and within your reach to fulfill your mission and bring the vision God has given you to pass?	What are your <i>strengths</i> ? What's in your hand? How will you build upon and leverage these strengths?
	What are your <i>weaknesses</i> ? What barriers are hindering your progress? How will you address/resolve these areas of weakness?
	What <i>opportunities</i> are available? What's within your reach? How will you exploit available opportunities?
	What <i>threats</i> exist? What could potentially inflict harm upon you, your children and/or your children's children? How will you eliminate existing threats?
Goals	
What goals can you begin to work on now that can positively impact succeeding generations? What goals can you consider setting for your children and children's children's that are to be achieved beyond your lifetime?	Within the next 0-12 months (immediate)
	Within the next 1-3 years (short-term)
	Within the next 4-10 years (long term)
	Within your children's lifetime
	Within your children's children's lifetime
Budget	

What will it cost to bring the vision God has given you to pass?	Give specific thought concerning the provision needed for the vision
